

# Music at Home with Mr. Knicl!

Dear students,

I am so sorry that I don't get to see you for a while, but I want to still make music a part of your everyday lives. It is what has gotten me through plenty of tough times and is a source of joy for me in every aspect of my life. Please feel free to use any and all of these fun and funny activities over your "spring break".

I have also given you links to some fun websites to practice or learn new skills.

I'm glad that we have the opportunity to focus on safety first and family first. By staying safe at home, you are helping your community, country, and world. Thank you all for doing your part.

If you are in need of anything school-related or otherwise, please reach out to me. I live in Hamilton, but I am well prepared and am happy to help in any way I can. If I can't help you personally, I will get you in touch with someone who can.

Below you will find my contact information. Email is the best way to communicate with me 24/7 but you may call or text me on my school cell # between the hours of 10:00 a.m. and 3:00 p.m. Monday through Friday should you have any questions!

I am looking forward to seeing you all again soon,

-Mr. Knicl
